

Weddings at The Bildeston Crown

The Bildeston Crown is a very individual wedding venue. An original 15th century coaching inn, which was imaginatively renovated and refurbished in 2003, this award winning Suffolk hotel has developed an enviable reputation as one of the best restaurants in the county. It is the place to marry, celebrate and stay on your perfect day.

The Ceremony

We have a wedding licence for one of the function rooms and can seat comfortably up to 25 guests. The room has its own private courtyard which can be accessed directly from the car park if required. In warmer weather, the courtyard can be used for guests awaiting arrival of the bride or just to celebrate with champagne and canapés. The room is perfect for that small, intimate wedding for couples who just want their nearest and dearest to witness their "I do".

The Wedding Breakfast

Although the ceremony may be intimate, the celebration to follow can go large. Couples can choose to keep to the smaller number of guests and use either of the two private dining rooms for a very special lunch or dinner. Alternatively the intimate ceremony can lead into a much bigger party. A section of the main restaurant can be sectioned off via French Doors to provide private dining for 40. Alternatively the whole restaurant can be booked out for exclusive use for 100 – 120 guests.

Menus

For a wedding breakfast to really remember, why not treat your guests to a 7 course Tasting Menu? We have no defined banqueting menus, preferring to work with our clients to design the wedding banquet that reflects their personalities and wishes. We can discuss budgets and tastes to come up with a menu to really make your day feel special.

Entertainment

As a village location we acknowledge our neighbours and our guests' request to keeping noise levels low. We don't therefore allow discos or other high volume entertainment. Live music in the form of small jazz bands or other instrumentalists are welcome and we would be happy to help you source appropriate local musicians and other entertainers.

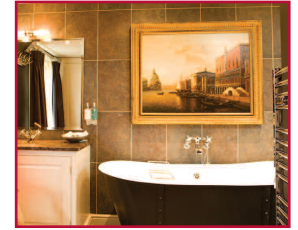

Accommodation

We have twelve individually designed rooms which are perfect as bridal suites or guest accommodation. We are currently one of the very few hotels in the area that does not insist on two night stays over the weekend.

The favourite rooms for honeymoon couples are:

The Black Fuchsia Room

This is our most luxurious room and en suite combination. The dramatic black decor, accentuated by hot fuchsia, is not for the faint hearted. The gold French inspired bedstead and ornate Venetian mirrored console create an ambience of passion and opulence which continues into the spacious en suite with its double-ended freestanding bath, large walk-in shower and oil painting festooned walls.

Room 1

This is a classically elegant and well proportioned room in hues of gold and rose pink. Facing the back garden, it is in a quiet part of the hotel and the triple aspect windows allow for plenty of natural light. There is a great feeling of spaciousness which is not diminished by the large antique four poster bed, luxurious damask bed covering and complementary furnishings. Quintessentially romantic, this is a particular favourite with honeymooners.

Room 6

Overlooking the High Street, this room includes a king-size bed and a very spacious bathroom to help make your stay comfortably luxurious. As one of our larger rooms the smooth confidence this room holds really sets it apart from the rest.

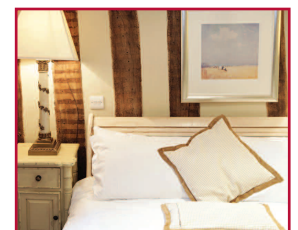

Even our standard rooms offer a touch of romance:

Room 3

This room conjures up images of pastoral France with its rich cream and Wedgwood blue colour scheme, the Toile de Jouy style curtains and the stylish sleigh bed. One of our smaller double rooms, it is also one of the most tranquil. This room overlooks the patio to the side of the building.

You don't have to get married at The Bildeston Crown to stay your wedding night.

We also work closely with a number of local venues which can accommodate larger numbers for the ceremony but have no accommodation. We are more than pleased to welcome the happy couple at the end of their wedding day and can arrange for flowers, champagne and any other niceties as required.

Budget

Costs depend on numbers, style of catering and day the wedding is held.
